

- 1.)** You may begin enrollment by accessing the patient portal website. To do this, you may:
- Type in the web address listed on the instruction sheet provided to you by the healthcare office
  - Enroll at the kiosk available to you in the healthcare office reception areas. The kiosks will automatically be at the correct website and you can skip this step.
  - Open the link provided to you through the email address you have on file:

- 2.)** Once you have entered the website from step 1, please select the “Enroll Now” button if your screen looks like this:

3.) Please review and accept the Terms and Conditions of the Patient Portal. You may not access the portal without accepting these conditions.

**Terms and Conditions**

**PRIVACY POLICY**  
Please review our Privacy Policy, which as between you and NextGen Healthcare Information Systems, LLC, its corporate parent Quality Systems, Inc. and their respective subsidiaries and affiliates ("NextGen Healthcare") governs your visit to NextGen® Patient Portal (formerly known as NextMD®), to understand our practices.

**ELECTRONIC COMMUNICATIONS**  
When you visit NextGen® Patient Portal or send e-mails to us, you are communicating with us electronically. You consent to receive communications from us electronically. We will communicate with you by e-mail or by posting notices on this site. You agree that all agreements, notices, disclosures and other communications that we provide you electronically satisfy any legal requirements that such communications be in writing.

**COPYRIGHT AND TRADEMARKS**  
NextGen® Patient Portal is the registered trademark of NextGen Healthcare and the website contains our copyrighted and protected material. Some material in the website is from copyrighted sources of the respective copyright claimants. Users of this material are solely responsible for compliance with any copyright restrictions and are referred to the copyright notices appearing in the original sources, all of

4.) Please enter the token provided to you by the healthcare office and the email address you have on file and submit the information. You will have received a Patient Portal email to the email address you have on file and it will be listed on the token printout the office has available for you.

**Submit your enrollment validation**

**FRAUD WARNING**  
⚠ Any person who knowingly with the intent to defraud any medical agency by concealing and filing false information for medical care or treatment may be found to have committed a fraudulent act which is a crime and may be subject to criminal and civil penalties.

Please enter your security token and your email address. Your enrollment token is an eight digit number provided by your practice. Once security token and email address have been validated, you will be able to create your Patient Portal account. If you have not received an enrollment notification email, please contact your practice. Asterisk (\*) denotes required field.

\* Enter security token:  [? What is security token?](#)

\* Enter email address:

**5.) Please set up your login information including Username, Password, Security Question, and Password Reset Question. To do this, follow these specifications:**

- Username

- The username must have 6-20 characters and is case sensitive.
- The username must also be unique to you alone. If someone else has already entered the username you try, you will be asked to change your username. Adding numbers such as dates or favorite numbers is a common way to resolve this issue.

**Create enrollment credentials**

**FRAUD WARNING**  
 Any person who knowingly with the intent to defraud any medical agency by concealing and filing false information for medical care or treatment may be found to have committed a fraudulent act which is a crime and may be subject to criminal and civil penalties.

**1 Create your username and password**  
 Enter a user name and password you want to use when you login to Patient Portal. Asterisk (\*) denotes required field.

\* User name:   
 User name must be between 6 – 20 characters and is case sensitive.

- Password

- The password must have 6-20 characters. You must also include a number and special character such as punctuation in the password.
- The password is also case sensitive.

\* Password:

- Security Question

- You may select any question from the menu of questions available.
- You will be required to answer this question as a security precaution every time you access the Patient Portal.

**2 Create your login security authorization**  
 Choose a login security question and enter your answer. This question will be used as part of the login authorization process. You will be prompted to enter the answer for your selected question when you try to login to your account. Asterisk (\*) denotes required field.

\* Select a question:

\* Enter your answer:

\* Retype your answer:

- Password Reset Question

- This question can be anything you would like. You may not need to answer this question very often, so make sure it is a question that you will know the answer to no matter what.

**3 Create your password recovery credentials**  
 Create a forgotten password question and enter the answer. This question will be used in the password reset process. You will be prompted to enter the answer for this question in case you need to reset your password in the future. Asterisk (\*) denotes required field.

\* Create a question:

\* Enter your answer:

\* Retype your answer:

- Submit the information.

- If any of the information you entered does not meet these specifications or is already in use, this same screen will appear with most of your information still entered and ask

you to correct the error. The error will be listed in red above the “Submit” button at the bottom of the screen.

**Create enrollment credentials**

**FRAUD WARNING**
