

Please be aware that prices listed in the Charge Master are the Usual Charge, and may not reflect your actual responsibility. Insurance companies establish a Maximum Allowable Payment for services rendered to their Insureds by Contracting Providers, and Contracting Providers must accept this Maximum Allowable Payment as payment in full for those services regardless of our pricing.

Your ultimate financial responsibility depends on your insurance coverage. Insurance company's benefits and rates vary depending on the provider's network status and Insured's plan. It is the Insured's responsibility to check contracting status and network benefits with their insurance carrier prior to being seen.

Definitions:

"Charge Master" means a listing of prices for various services and components billed by this provider.

"Usual Charge" means the fee most commonly charged by the provider, for services provided to all patients.

"Maximum Allowable Payment" means the amounts established by an insurance company as the maximum payment allowance for services rendered by contracting providers to insureds which are covered benefits under the terms of the Insured contracts.

"Contracting Provider" means any licensed physician who has contracted with a particular insurance company and is considered in-network.

"Insured" means any person entitled to receive medical and/or surgical services pursuant to the terms of an insurance company's underwritten or administered contracts referencing contracting providers.
