

Please be aware that prices listed in the Charge Master are the Usual Charge, and may not reflect your actual responsibility. Insurance companies establish a Maximum Allowable Payment for services rendered to their Insureds by Contracting Providers, and Contracting Providers must accept this Maximum Allowable Payment as payment in full for those services regardless of our pricing.

Your ultimate financial responsibility depends on your insurance coverage. Insurance company's benefits and rates vary depending on the provider's network status and Insured's plan. It is the Insured's responsibility to check contracting status and network benefits with their insurance carrier prior to being seen.

Definitions:
